Thank you very
much for your kind
letter of the 7th instant,
offering me a copy

the Lucerne sale of

Greek and Roman coins.

I have not a copy of this catalogue, and should be delighted to have one.

It is most kind of you.

With best regards,

Sincerely yours,

Dear Mr. Doe,

The wonderful catalogues of the Lucerne Sales arrived yesterday, and I want to tell you how grateful I am to you for all

the pleasure you have given me.

At the present moment I am knee-deep in orchids; my interest in numismatics, never Helen, remains unchanged.

What a thrilling series of Messina tetradrachms, and the Syracuse one hundred litra gold pieces!

When next I am
in New York I hope
to have the pleasure
of seeing you at the
Numismatic Society,
and thanking you
in person for your
kindness.

With best regards,

Sincerely yours,

My dear Mr. Hal,

Thank you very much indeed for the two publications of Mr. Newell, sent me by the American Numismatic Society. I found them

most interesting, and I have written Mr. Newell to tell him so, and to thank him.

A short while ago I had planned to go on to New York for a few days, but could not secure the accommodations I wished and so postponed the trip. The postponement now

seems rather indefinite, as I find that I shall most likely be able to go abroad again this Spring, and have taken passage to sail the last week in February.

As I shall probably not have the pleasure of seeing you before I sail, I ask enclosing a little "Christmas present" for the American Numismatic Society, - a gold

coin of Costa Rica, 2 Colones.
I got it at San José and was
told there that they were struck
as a speculation — to sell to
collectors at a premium —
by the Costa Rican Govt. The
work was done, I was told, at
our Philadelphia mint. With
a strong glass one can see
the engraver's initials — R.Y. —
on the tips of the truncations
of the bust.

With renewed thanks, and
best remembrances,
Sincerely yours, F. J. Hunter Eudicott
